Hello Allan:

Nice to hear from you and hope that you are doing well. I was out of the office all last week, at EPA HQs. And this week, I am working on several high priority projects.

I will be able to review the responses to the City of Vernon next week. This week is not possible due to several projects that I have to complete between today and Friday. I will be able to review the responses by Wednesday June 20 at the latest. Please let me know if you have any questions concerning this message.

Thank you for your courtesies and have a nice day.

Sincerely,
Carmen

Hello Carmen, how are you doing? It's been a long time since we worked on the same project. Chand Sultana works for me and we're trying to approve the RAP for Pechiney this Thursday or Friday and need to respond to the City of Vernon's comments regarding the proposed PCB cleanup. If you agree with the responses prepared by Linda Conlan of AMEC we will use her responses to the City's comments. Please let me know if you agree or if you have a different view. Thanks
